Conference Summary

On May 25th, the Division of Services for Aging and Adults with Physical Disabilities (DSAAPD) sponsored the 2005 Delaware Governor's Conference on Aging, which focused on preparing for the aging of the baby boom population. The Conference was open to the public and approximately 200 people were in attendance. During the conference, attendees shared opinions, thoughts and suggestions for consideration during the upcoming White House Conference on Aging in Washington.

DSAAPD Director, Allan Zaback; Delaware Health and Social Services Secretary, Vincent Meconi; and Governor Ruth Ann Minner were on hand to open the conference. Governor Minner officially proclaimed May as Older Americans Month in Delaware and also honored Delaware's oldest citizens--our centenarians.

The keynote speaker was Joanna L. Sampson, Special Assistant and Counselor to Secretary for Aging Josefina G. Carbonell. Ms. Sampson spoke about a variety of issues impacting older persons as well as national-level initiatives designed to address these issues.

During the day, conference participants had the opportunity to choose among various sessions to discuss topics and develop recommendations. Topics included: Financial Literacy; End of Life; Built Environment; Ageism; Community/Religious Group Roles; Senior Centers for the Next Generation; Access to Services; and Shortage of Workers. Sessions lasted 90 minutes. At the beginning of each session, participants were presented with background information and discussion questions. Then, following a structured process of brainstorming and information exchange, participants in the sessions reached consensus on two recommendations and discussed related barriers and solutions.

Kaizen Event Fieldbook Mark R. Hamel, 2010 Kaizen event effectiveness is a prerequisite for lean transformation success. It provides the necessary transformational jump, start momentum, organizational learning, and engagement, and sustainable step-function improvements. The systemic use of kaizen events establishes the technical and cultural foundation for principle-driven kaizen, the powerful combination of kaizen events and daily kaizen activities. The *Kaizen Event Fieldbook* brings this all together as an indispensable reference for lean leaders and implementers within any industry and for use at any stage within the lean implementation journey. One of lean's defining characteristics is learning by seeing, doing, and studying. In context with lean theory and lean leadership principles, readers will gain an understanding of the essential whys and hows of kaizen event standard work and event management, as well as a proven means to sustain the gains. The *Fieldbook's* multi-phase approach addresses strategy, pre-event planning, execution, and follow-through. Practical examples, over a hundred figures and tables, and many real-life Gemba Tales provide for an enriched learning experience. Also included is a chapter on the deployment of

a kaizen promotion office a glossary and two appendices which offer blank forms and an overview of daily kaizen
